JANUARY

2023

Welcome Back

After Christmas celebrations and family gatherings, school has started again. We pray that the children and teachers will be well and happy during the winter months, and that 2023 will be a wonderful year for all.

Thank you for the Christmas gifts for the school and the teachers. We also appreciate the help in providing food for our special events, working on crafts, washing smocks, etc.

The Bible stories for January will be the early life of Jesus, calling His disciples, and some of His miracles.

During Circle Time, we will be introducing the letters K, L, M, and N, and the numbers 5, 6, and 7. We will also have lessons about magnets, the five senses, addresses, and phone numbers.

Student Evaluations

January is when we begin evaluating each child. We plan to complete the evaluations and send them home in March so that you can be aware of the progress they have made and areas where they need encouragement as Kindergarten registrations and orientations occur. If you are interested in seeing the list of the areas evaluated, please see a teacher.

Addresses and Phone Numbers

Knowing their address and phone number are two of the items on the evaluation. We will discuss each of these during circle time this month. We have a chart for each class that the children get to put stickers on when they have learned these. Please be working with your child to help them learn this valuable information.

This will be an enriched class with more hands on activities and we will expand upon topics we have learned and also introduce new concepts including, but not limited to activities with phonics, math, science and nature. A \$30 non-refundable registration fee is required with each application.

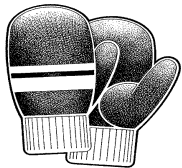

Valentine Party

We will have a Valentine's Party on Friday, February 10th. The party includes a special snack and valentine exchange. Each child should bring in valentines that are signed with their name. Do NOT address the valentines to the other children, just sign who they are from. We are making bags for each child to bring their valentines home. During the exchange each child will take the valentines they brought and go around putting one in each bag. If the valentines are addressed who they are to that makes it a much more difficult job for the children to do. There are 20 children in the class. We encourage you to send the valentines in early and we will keep them safe until the party.
